

Yen Adams Sokama-Neuyam, Ph.D.

Department of Petroleum Engineering,
College of Engineering,
Kwame Nkrumah University of Science and Tech. (KNUST),
PMB Kumasi, Ghana.

Tel: +233 245 937 358

Personal details

- Date of birth: 1st November 1985
- Nationality: Ghanaian
- Civil Status: Married

Education

Institution attended	Year	Degrees obtained / Specialisation
University of Stavanger, Norway	2013 - 2017	PhD Petroleum Engineering <i>Carbon Capture and Storage (CCS)</i>
University of Stavanger, Norway	2011 - 2013	MSc Petroleum Engineering <i>Reservoir Engineering</i>
Kwame Nkrumah University of Science and Technology, Ghana	2006 - 2010	BSc Petroleum Engineering

Professional Experience

November 2023 – Date	Head of Department , Department of Petroleum Engineering, Kwame Nkrumah University of Science and Technology (KNUST), Kumasi.
January 2023 – Date	Principal Investigator , Net-Zero Carbon Emission Lab (NCEL), Kwame Nkrumah University of Science and Technology (KNUST), Kumasi.
August 2023 – Date	Senior Lecturer , Department of Petroleum Engineering, Kwame Nkrumah University of Science and Technology (KNUST), Kumasi.
January 2025 – Date	Research Fellow , INTI International University, Persiaran Perdana BBN Putra Nilai, 71800 Nilai, Negeri Sembilan, Malaysia.
January 2025 – Date	Editor – Environment and Geoscience Section , Scientific African Journal, Elsevier.
February 2019 – August 2023	Lecturer , Department of Petroleum Engineering, Kwame Nkrumah University of Science and Technology (KNUST), Kumasi.
February 2016 – August 2017	Assistant Professor , Institute of Petroleum Technology, University of Stavanger (UiS), Norway.

Selected Publications

Peer reviewed Journals

8. Fjelde I., Omekeh A. V., **Sokama-Neuyam Y. A** (2014). Low Salinity Water Flooding: Effect of Crude Oil Composition. *SPE Improved Oil Recovery Symposium*, 12-16 April, Tulsa, Oklahoma, USA.

Invited Technical Talks

January 2025	Transitioning KNUST from Green Campus to a Green University: Progress and Prospects. <i>TU Delft Global Lunch, Delft Netherlands</i> .
October 2024	Modelling and Comparative Analysis of the Carbon Intensity of Selected Oil and Gas Fields in Ghana Towards a Net-Zero Future. <i>Local Content Conference and Exhibitions, Takoradi</i> .
March 2024	Predictive Modelling of Ghana's Energy Consumption and Corresponding Greenhouse Gas Emissions Towards a Net-zero Future. <i>GhIE Annual General Meeting and Conference, Accra</i> .
February 2024	Energy-related Greenhouse Gas Emissions: A Data-driven Path to Net-Zero, <i>Climate Compatible Growth Workshop, Kumasi</i> .
December 2023	Leveraging Oil and Gas for a Just Transition Towards a Net-Zero Future, <i>SPE Technical Lecture, Webinar</i> .
November 2023	Building a Robust Research Ecosystem to Drive Africa's Transition to Net-Zero, <i>A Pre COP 28 Technical Workshop, Accra</i> .
August 2023	Ghana's Greenhouse Gas Emission: A Data-Driven Path to Net-Zero, <i>KNUST Young Researchers' Forum Research Café, Webinar</i> .
